The Benefits For Black Seed & Honey Halal Soap

This Black Seed and Honey Soap is the secret to younger, healthy, beautiful skin. Black seed is full of antioxidants that protect skin from free radicals that damage your skin and age it. It evens out and fades age spots and skin discoloration. Black seed soap cleans and gently exfoliates. It combats acne and gives you clearer skin. Black seed soap has always been prized in Africa for its healing properties. It cleans and hydrates hair and leaves it shiny and more manageable. Honey is nourishing and has antimicrobial properties that heal skin and fight skin infections. It is also full of

antioxidants. Gives skin a healthy glow.

The soap also contains almond oil and apricot extracts. Almond oil gives soap a rich, conditioning lather. It is high in Vitamins A, D, as well as Oleic and Linoleic fatty acids. It is perfect for soothing dry, flaky and irritated skin. It is beneficial for rashes, psoriasis, and eczema. Apricot extracts help heal damaged skin and accelerate growth of new skin cells. It tightens and revives your skin. Get all the benefits of Black seed and Honey soap today.
